

## **Life Community Leader Covenant**

*Life Communities are Grace Chapel's primary way of providing a more personal, in-depth experience of community and fellowship.*

The following is a Covenant between you as a Life Community Leader and Grace Chapel's Life Community ministry. It is designed to enhance the communication, accountability, and mutual expectations of Leaders and our overall Life Community ministry.

### **Expectations for leading a Life Community:**

**Membership:** LC Leaders are either members of Grace Chapel or on the road to becoming members.

**Responsiveness:** Each LC Leader commits to our LC vision (which revolves around care, growth, and impact), communication, and overall church leadership.

**Training:** All LC Leaders attend a New Leader Training Workshop at least once. On an annual basis, we ask all LC Leaders to place high priority on participating in our September Vision Night and our January Training Brunch.

**Leadership:** Each LC Leader agrees to a servant-leadership style that encourages group growth in the following areas:

**Care** (for one another in the group)

**Growth** (spiritual growth and life application)

**Impact** (on the community/world around you)

### **Benefits of leading a Life Community**

**Training:** You will receive training through our Life Community Ministry Team.

**Support:** You will receive encouragement and care from the Ministry Team and the LC Support Team.

**Fulfillment:** In your shepherding role, your God-given gifts will be used in a meaningful way, so that people are built up in Christ and the Kingdom of God is extended. You will shape an environment where community can be built and lives can be changed.
